IDF 2013 melbourne world diabetes congress 2 - 6 December 2013

Dear Friends and Colleagues,

We are now geared towards preparing for the next **World Diabetes Congress,** which will be held in **Melbourne, Australia from 2-6 December 2013** and we trust that the International Diabetes Federation (IDF) can count on your strong support.

World Diabetes Congress Melbourne 2013

Melbourne's location makes the congress accessible to delegates from China and India, two countries where large portions of the population have diabetes. Melbourne's infrastructure makes it possible for delegates to find accommodation, and travel around, at reasonable prices while the state-of-the-art Melbourne Convention and Exhibition Centre will make for a truly rewarding experience.

Your support

Join us in promoting the Melbourne congress by giving out copies of the *Advance Programme* which contain details about abstract submission, registration and general information about the congress. The brochure can also be downloaded from our website via this link:

http://www.idf.org/sites/default/files/attachments/wdc-advance%20programme.pdf

We thank you for your usual support and collaboration.

Kind regards,
The IDF Congress Unit
